

## FIRST AID

### UPDATE

---

**February 22, 2010**

U.S.A. and Canada: dial 1 800 465-7325

Others: dial (514) 523-8324 (Canada)

#### Product and company identification:

**Product name:** iN Protector for Pavers and Slabs  
**Material uses:** Protects pavers and slabs made of concrete or natural stone.  
**Supplier/Manufacturer:** Techniseal  
300, avenue Liberte  
Candiac, QC, Canada, J5R 6X1  
Tel: (514) 523-2110  
Toll free: 1-800-465-7325  
Fax: (450) 633-3035

**In case of emergency:** CANUTEC (613) 996-6666

#### First aid measures:

**Eye contact:** Check for and remove any contact lenses. In case of contact with eyes, rinse immediately with plenty of water. Get medical attention.

**Skin contact:** Wash with soap and water. Get medical attention if symptoms occur.

**Inhalation:** If inhaled, remove to fresh air. If not breathing, give artificial respiration. Get medical attention if symptoms appear.

**Ingestion:** Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear.

**Protection of first-aiders:** No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation.

**Notes to physician:** No specific treatment. Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

**Fire-fighting measures:**

**Flammability of the product:** May be combustible at high temperature.

**Extinguishing media:**

Suitable: Use dry chemical, CO2, water spray (fog) or foam.

Not suitable: None known

Special exposure hazards: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

**Hazardous thermal decomposition products:** Decomposition products may include the following materials: carbon dioxide and carbon monoxide.

**Special protective equipment for fire-fighters:** Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

**Disposal considerations:**

**Waste disposal :** The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Other information:**

**Label requirements :** MAY CAUSE EYE IRRITATION.

**Hazardous Material Information System (U.S.A.) :**

Health	1
Fire hazard	0
Physical Hazard	0
Personal protection	B

**HAZARD RATINGS**

- 4- Extreme
- 3- Serious
- 2- Moderate
- 1- Slight
- 0- Minimal

See section 8 for more detailed information on personal protection.

**The customer is responsible for determining the PPE code for this material.**
